## CAREER HIGHLIGHTS

Being in Christian Music, the greatest achievement would be the conversion of a soul that is stained with sin, washed in the blood of the Lamb, and that you were directly involved in that. Over these years, The Walkers have seen several thousands of decisions made for Christ in addition to the healings and great services over the years.

When The Walkers began in November of 1991, they knew only pastors in the north Florida and South Georgia. As of August 2008, they are in service on a yearly basis in 38 states and go to Alaska every other year.

The Walkers have been involved on Program at 16 state camp meetings for the Churches of God of Prophecy and the Churches of God.

The Walkers were featured in concert at the Upper Senate Park right across from the United States Capitol Building in Washington, D.C.
